Subject: RE: Testimonial---

“With over 8 years of experience in property management in Las Vegas, I have found Western Risk Insurance to be at the top of my list for insurance brokers. They have exemplary customer service and are always available when I need them. When I started my own company it was an easy decision to work with them on all my insurance needs. I always recommend them both to my current clients and to anyone who is looking for it all in an insurance brokerage firm.”
