Why Choose Western Risk Insurance

"Helping Put Lives Back Together"

June 14, 2005

Dear Sir or Madam:

I would like express my appreciation for the outstanding service you provide your clients.

In my six years of disaster restoration, I have never seen an Insurance Agent or a representative from any other agency at a job site. I have not only seen Agents but Principals from Western Risk Insurance as well. Your presence has a positive and uplifting effect on your client when they are at their most vulnerable time - immediately after disaster strikes.

Your company excels at assuring a loss is covered, the Insurance Adjuster is extending the proper coverage and quality contractors are chosen to restore the property to pre-loss condition. On most losses, contractors such as ourselves have to spend considerable time and effort communicating with insurance companies for clients who are shaken from the disaster and confused about how to proceed. Your presence on the jobsite allows us to mitigate the loss and secure a safe area in a more effective manner.

We look forward to continuing our relationship with Western Risk Insurance and helping you put your clients life's back together.

Sincerely,

Tom Wideen
President
